Island Lights I think its a 1963 or 1964 furnace,it was in the house when i bought It and the house was build in 1964 and there is no signs or paper work that it was replaced at anytime, just paper work on when it was tuned up or serviced. IN other words the decision on economy needs to include the heating load. Evcon purchased by York International. Active brand Coleman Evcon. Current Columbia boiler models include the Columbia Emerald Series boilers shown here, Wet Base Boilers, LV Low Mass boilers, Casco Bay Boilers, and a series of cast iron boilers sold across Maryland, Virginia, and Washington D.C. According to the companys website Louis, MO and Halton Hills, Ontario, Canada. The MARS Equipment Division operates out of Jackson, Michigan. One model no. is OIU112DH serial no. ED114 m49844274. and then there is a tag that says underwriters lab oil furnace no. V744 535 Cranes furnace technology was purchased by Amana. Airconditioning and airpurifying conform to the regulations of the relevant authorities, ensuring that the crane driver enjoys optimal work conditions. Additionally, the sensitive power and control systems are cooled so that they function reliably. The devices, which have been put to the test worldwide, are available in many installation variations and with various output stages. The series of crane cooling devices AC devices T and crane cabin cooling devices operator cooler OC cover a wide range of types. Website [www.cranegtair.com](http://www.cranegtair.com) Tel 5136414700 It has been leaking, I think a pipe bursted in it last winter, I cannot find the manufacturer. My question is how do you take off the cover, are there screws or do you have to pry it off the wall They may be painted over or behind a removable cover. I have a serial number but I need a rating plate number for insurance purposes and the numbers are no longer legable.The CWF is more likely a model number. Just look at the brand name history given below.<http://www.rcot.org/userfiles/fazer-1000-owners-manual.xml>
